

IN THE SPECIFICATION

Please amend the Specification as follows:

On page 10 of the Specification, after the paragraph ending in line 17 but before paragraph beginning in line 18 thereof, please add the following Brief Description of the Drawings:

Brief Description of the Drawings

Figure 1 is a transmission electronic microscope (T.E.M.) analysis of the polymer of Example 1 (Reference) which shows a rubbery phase with “capsule” or “core-shell” particles of 0.2  $\mu\text{m}$ .

Figure 2 is a transmission electronic microscope (T.E.M.) analysis of the polymer of Example 2 which shows a rubbery phase with a “strictly bimodal” distribution including “capsule” or “core-shell” particles of 0.2  $\mu\text{m}$  and “salami” particles of 2.0  $\mu\text{m}$ .

Figure 3 is a transmission electronic microscope (T.E.M.) analysis of the polymer of Example 3 which shows a rubbery phase with a “strictly bimodal” distribution including “capsule” or “core-shell” particles of 0.2  $\mu\text{m}$  and “salami” particles of 2.2  $\mu\text{m}$ .
